

## History of Monti

Starting in 1971 and continuing to this day, Monti Incorporated has defied the odds and become a trusted supplier of components for our partners in the electrical industry. Check out our new video which details our history and discusses our company culture!

### Fun Facts:

**Service to our country:**  
10% of Monti employees are veterans

**Workforce growth:**  
Monti hired 40 new employees in 2017

### IEEE Show - Denver, CO

Be sure to visit our booth at the IEEE show at the Denver Convention Center - April 17th - 19th! Monti's Booth # is 3327!

### New Equipment

#### Bystronic Xpert 150 - Acquired: January 2018

Monti, Inc. has added a second Bystronic Xpert 150 ton press brake in response to increased customer demand. This cutting-edge machine features a 10' bed and process controls that create successful outcomes for operators with a diverse range of skill levels.

#### Haas UMC-750 - Acquired: January 2018

Monti has also added a second Haas UMC-750 5-axis machine to our CNC milling operation. This investment will add capacity for more complex jobs that require milling on multiple surfaces and allow for fewer setups, enabling us to better control part cost.

 <p><b>Mutually Beneficial Long-term Relationships</b></p> <p>Collaboration Cost Savings Team Work Loyalty</p> 	 <p><b>Responsiveness to our Customer's Needs</b></p> <p>Customer Service Quick Turnaround Customer Satisfaction</p> 	 <p><b>Long-Term Sustainability</b></p> <p>Excellent Quality Commitment to Safety Process Improvement Efficiency Adaptability</p>
